PUBLIC UTILITIES COMMISSION

Docket No. 2003-190

April 30, 2003

VERIZON NEW ENGLAND INC.  
D/B/A VERIZON MAINE  
Request for Approval of  
Resale Agreement with  
AltiComm, Inc.

ORDER APPROVING  
RESALE AGREEMENT  
WITH ALTICOMM, INC.

---

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

---

In this Order, we approve a resale agreement between Verizon New England Inc. d/b/a Verizon Maine and AltiComm, Inc. (ALT), pursuant to section 252 of the Telecommunications Act of 1996.

On March 17, 2003, Verizon Maine filed a negotiated Resale Service Agreement with ALT (including, as Appendix A, a document containing terms and conditions), pursuant to 47 U.S.C. § 252, enacted by the Telecommunications Act of 1996. Section 252 allows a telecommunications carrier to purchase unbundled network elements or local services at a discounted wholesale rate (the discount reflecting avoided cost), or both, from an incumbent local exchange carrier (ILEC) or competitive local exchange carrier (CLEC).

ALT will pay to Verizon Maine the discounted prices contained in the voluntary agreement that was reached pursuant to arms-length negotiations between the parties. The pricing standards contained in 47 U.S.C. § 252(d) apply only to arbitration proceedings under section 252(b) and not to negotiated agreements under section 252(a). Verizon Maine does not represent that the prices contained in the Agreement are consistent with the section 252(d) pricing standards or with any other state or federal policy.

Section 252(e)(2) states that a state commission may reject a negotiated agreement only if it finds that "the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement" or if "the implementation of such agreement or portion is not consistent with the public interest, convenience and necessity." We received no comments by the comment deadline set in an April 1, 2003 Notice of Agreement and Opportunity to Comment. We do not make either of the findings set forth in section 252(e)(2) for rejection, and we therefore approve the agreement.

We reserve judgment on whether the rates contained in the agreement are reasonable from the perspective of Verizon Maine's retail ratepayers. Verizon Maine is presently under an alternative form of regulation (AFOR) ordered by the Commission in Docket No. 94-123. The AFOR began in December, 1995. Under the AFOR, Verizon Maine bears the risk of lost revenues resulting from rates that are too low. In Docket No.

99-851, we have continued the AFOR until May 31, 2006. We do not resolve whether Verizon Maine is receiving reasonable compensation from any CLECs that may avail themselves of the rates provided to ALT pursuant to 47 U.S.C. § 252(i).

The agreement filed by Verizon Maine provides for resale of Verizon Maine's services in Maine by ALT. If ALT seeks to interconnect with networks maintained by other incumbent local exchange carriers in Maine, or to resell services offered by those carriers, it must seek a termination, suspension, or modification of the exemption contained in 47 U.S.C. § 251(f)(1)(A).

On March 19, 2003, in Docket No. 2003-19, the Commission granted authority to ALT to provide local exchange telecommunications services as a reseller in Maine. The Commission limited ALT's authority to provide local exchange service to resale unless it obtains further authorization from the Commission.

**ORDERING PARAGRAPHS**

1. Approve the Resale Service Agreement between Verizon New England Inc. d/b/a Verizon Maine and AltiComm, Inc., attached hereto, pursuant to 47 U.S.C. § 252(e); and
2. Order that the Administrative Director shall make a copy of the attached Agreement available for public inspection and copying pursuant to 47 C.F.R. § 252(h) within 10 days of the date of this Order.
